

winmau®

THE FORCE BEHIND DARTS™

IT'S MORE THAN JUST A GAME

2019 COLLECTION

FOR OVER 70 YEARS WINMAU HAS BEEN OBSESSED WITH EXCELLENCE IN DARTS THROUGH UNRIVALLED INNOVATION

THE FORCE BEHIND QUALITY

When it comes to engineering, technology and quality Winmau is an established pioneer. From the moment our darts equipment carved out a powerful advantage on the oche, we have continued to take giant steps forward in craftsmanship and technological innovation, setting new standards while remaining true to our heritage.

THE FORCE BEHIND THE BRAND

Winmau is brimming with passionate darts people. People with character who put dart players first to inspire their every darts journey. We are the most televised dart brand globally and export to over 100 countries worldwide in our pursuit of encouraging more people to take up the sport we love.

THE FORCE BEHIND TECHNOLOGY

Winmau is the largest manufacturer of premium bristle dartboards and military grade tungsten darts in the world. Hand-crafted quality, distinctive design and superb performance are all characteristics of our products, and they evolve from our own purpose-built factory. No other company strives to continually improve and to invest so many resources into finding even the smallest improvement in every product.

THE FORCE BEHIND BLADE

Winmau has always been the forerunner in advancements and technology in the game, and nothing illustrates this more clearly than the Blade dartboard. Since 1997, each iteration has been recognised as the finest and most durable in the world.

BLADE 5™ DUAL CORE

THE WORLD'S MOST ADVANCED DARTBOARD

BLADE 5™ DUAL CORE

THE WORLD'S MOST ADVANCED DARTBOARD

BLADE 5 TECHNOLOGY

DUAL CORE TECHNOLOGY

ROTA-LOCK SYSTEM

APPROVED SPECIFICATION

EXCLUSIVE BDO ENDORSEMENT

HI-VISIBILITY SISAL BASE

BEST-IN-CLASS DURABILITY

Triple-wheel lock and level system to easily secure the dartboard to virtually any surface

14% reduction in web surface area for less bounce outs and higher scores

Bullseye and 25 ring featuring carbon diffusion technology for an ultra-hard surface

The pinnacle of dartboard technology, innovation and durability

Lower compression outer core with higher compression inner core results in the ultimate dartboard base

Superior wiring system provides opportunities for maximum scoring potential

Anti-Glare number ring for less visual interference

Stunning high visibility playing surface provides perfect vision

Unique Rota-Lock technology completes the most acclaimed and advanced dartboard in the world

PATENT NO. 2507762

INCREASED SCORING AREA

- New Blade 5 wiring system allows for 9mm² extra scoring area in the doubles and 6mm² extra scoring area in the trebles
- 14% reduction in web surface area for less bounce outs and higher scores

WIRE EVOLUTION

- Blade angle reduced from 90 degrees inclusive to 60 degrees inclusive for the ultimate in low bounce out technology
- Acute angles over 30% sharper to help deflect incoming darts into the board to increase scoring and reduce bounce outs even further

ENHANCED TENSILE STRENGTH

- Over 20% increase in the UTS (Ultimate Tensile Strength) of the Dynamic Sector Wire to ensure that dart points glide past the wire and into the scoring bed
- Cold rolled for improved molecular structure of the steel, extra strength and the ultimate in wire durability
- New bullseye and 25 ring featuring carbon diffusion technology for an ultra-hard surface, allowing dart points to glide past the angled rings into the board for improved performance and durability

DUAL CORE ADVANTAGE

- Lower compression at the outer core reduces surface resistance and increases point penetration for fewer lost darts and higher scores
- Higher compression at the inner core increases resistance below the surface, absorbing excess kinetic energy for improved durability
- Pure sisal outer core with uncompromised playing surface for perfect vision and easier alignment
- The world's most advanced dartboard featuring Dual Core Technology
- Patent No. 2507762

ROTA-LOCK ADVANTAGE

- Triple-wheel lock and level system to easily secure the dartboard to virtually any surface. This unique and exclusive system allows for a quick and solid fix to the wall. Each wheel can be easily adjusted to enable perfect radial alignment and levelling
- Easy set-up
- Enables simple dartboard rotation
- Can be used on uneven surfaces
- Secure the dartboard to the wall for zero movement
- Adjust the dartboard while the board is in situ
- No need for removal

BLADE 5™

CRAFTED TO PERFECTION

BLADE 5 DARTBOARD 3008

- The Blade 5 pushes the boundaries of dartboard technology to its limits
- Superior Blade 5 wiring system provides opportunities for maximum scoring potential
- Super-dense, high-visibility Kenyan sisal offers the ultimate in durability
- High-tensile steel wiring system maximises scoring and longevity
- Unique Rota-Lock technology completes one of the most advanced dartboards in the world
- Anti-Glare number ring, game of darts booklet and checkout table

CHAMPIONS CHOICE

BLADE 5™ DUAL CORE® DARTBOARD 3023

The ultimate training dartboard designed to push top players to their limits using 50% thinner doubles, trebles, 25 and bullseye. With high visibility focused colours, exclusive Dual Core technology and unique Rota-Lock technology to complete the world's finest training dartboard.

POWER TO YOUR PRACTICE

GREEN ZONE

JDC BLADE 5™ DUAL CORE® DARTBOARD 3019

Easy-to-use handicap system enables players of all age, gender or ability to play. Developed exclusively with the Junior Darts Corporation (JDC), and made from class-leading Blade 5 Dual Core technology combined with easy fit Rota-Lock technology. We've produced the most fun inclusive dartboard in the world.

Note: When inserted into the dart, between 5mm and 6mm of each point enters into the barrel of the dart. Therefore a 32mm point will only show 26mm or 27mm of the actual point.

DIAMOND® POINT SHARPENER

8389

Retractable dart point sharpener made with a genuine fine coated diamond grit roughing surface. Built to last and is supplied with a pocket clip.

KEY RING SHARPENERS

PRO 8660

8550

Keep your steeltip points sharp to avoid costly bounce outs.

SOFTIP POINTS

8600

Durable, high quality softtip dart points. Approximately 30 per pack.

POINT CONVERTERS

8601

Convert softtip darts to steeltip in seconds. Manufactured from high tensile tempered steel with a carbon fibre composite thread.

PREMIUM POINT PROTECTOR

STEELTIP - 8659
SOFTTIP - 8662

This stunning Point Protector is included in our premium darts and is available as a separate item for those wishing to display their darts in true style.

TRIDENT 180®

8808

8807

8806

8805

Bounce outs reduced by up to 50%. Flight life extended by up to 6 times. Eliminate dart-on-flight deflections. Increases aerodynamics and flight protection. Compatible with standard points only.

CRAFTSMAN RE-POINTING SYSTEM

The complete Craftsman point changer converts rotational forces and multiplies them by 40% for rapid, easy point changing.

- Uses exclusive twin-props T2 technology force multiplier
- Handmade from premium grade steel
- Designed with differential pitched threads for easy point changing

8425

Simple, smooth changing of dart points

Hardened point clamp secures any size points

DARTS MULTI-TOOL

Essential precision darts toolkit for your every darting need.

8393

WHIZLOCK™

Designed in partnership with Simon Whitlock.

Locks flights in place and increases nylon shaft life. Reduces dart-on-dart bounce outs by more than 50%. Only for use with nylon shafts.

PRO-LOCK™ SHAFT RINGS

8411

Manufactured from our premium light-weight Inox Steel with a sleek low profile to hold and secure any flights. Easy to fit on any Winmau nylon/polycarbonate shafts allowing you to play stress-free darts.

WIZARD MIGHTY GRIP™

Simon Whitlock's scoring and finishing secret. Thermoplastic material that bonds to your fingers creating the best possible grip that lasts for hours. Enough applications to last up to 6 months.

8766

SHAFT LOCKING SYSTEM

Designed to reduce the chance of aluminium shafts coming loose during play.

SHAFT AND SOFTIP POINT REMOVER

Remove broken shafts and softip points in seconds. Precision-machined from high grade aluminium for the ultimate in durability.

FLIGHT SAVERS

High quality aluminium Flight Savers to protect flights. Supplied in sets of 3.

BUDWEISER®

BRASS DARTS 1290 - 21g
Superbly engineered Budweiser signature barrels provide sustained consistency. The classic style and profile of this dart means it is well suited to the entry level player.

- BRASS
- NYLON WITH SPRING SHAFTS
- QUALITY ASSURED
- MEGA STANDARD FLIGHTS

FLIGHTS

Three exclusive Budweiser Mega Standard flight designs.

DARTBOARD
